COUNTY MANAGER'S RECOMMENDATION OR COMMENTS: Recommend Approval

SUMMARY OF INFORMATION:

The North Carolina Department of Health and Human Services, Division of Public Health, Women's Health Branch released a Request for Application (#A355) entitled, "Healthy Beginnings".

The request allows local health departments to seek funding at an award level ranging between \$65,000 to \$80,000, annually. Funding will be available for three years. The funding period for contracts awarded through this competitive application process will begin June 1, 2019, and end on May 31, 2022. Funding for this program is from State funds.

Since 1994, the North Carolina General Assembly appropriated funds to support projects that demonstrated the capacity to lower infant mortality and low birth weight rates among minority populations. Healthy Beginnings serves minority women during pregnancy, the postpartum period, and up to two years. Services are provided to all enrolled program participants through care coordination contacts, home visits, and group education sessions.

Services include home and phone contact visits, breastfeeding education, depression screening, health education, safe sleep practice, tobacco use prevention education, reproductive life planning, and promote/coordinate well child visits.

The Forsyth County Department of Public Health has historically received grant funding and operated the Healthy Beginnings program for the past 20 years. If the grant application is approved the Healthy Beginnings program will be budgeted for during the FY19-20 budget process.
